--	---

Description

Front: Gepunzte Inschriften.

Rear: Gepunzte Inschriften.

Provenience: Altbestand (vor 1871)

Countermarked: The impression left by a countermark punch. A tool that is used to punch into a coin subsequent to the original striking an additional mark or symbol that had meaning in the contemporary context of the coin - for example to mark a specific payment or to revalue a coin). Objects from early modern collections sometimes bear countermarks as a sign of ownership.

Punched: Intentionally marked with a punch, both contemporary to the object and later. In contrast to a countermark of a much more simple design. Not to be confused with punches creating a positive image, which were used during the manufacture of a die.

Basic data

Material/Technique:

Gold; struck

Measurements:

Weight: 11.24 g; Diameter: 61 mm

Events

Created When 1837-1858
